WHY CHOOSE US

We are the growing vehicle reports industry and we want you to be onboard with us!

Why (Blog.Html)

It's an exciting time for the industry involved in vehicle history reports. Whereas once it was just CarFax® that performed such services, there are now dozens of companies offering similar or expanded features. get vehicles report is proud to be part of the new face of the industry. Moreover, we believe this expansion is a great thing!

Choose (Blog.Html)

As part of a new wave of companies offering vehicle history reports, we wanted to do things differently. For starters, we didn't think paying upward to \$35 for a vehicle history report was a good thing. So we changed it. No, we're not talking about a 25% or even a 50% decrease. We chopped prices by as much as 85%, and we did it without forcing our customers to settle for less.
